Stable and Fast

Reliable and Fun

***Versatile for Novices
and experts***

Escape to the serenity or the adventure offered by Crescent Kayaks. Designed by Olympic Kayaker and leading design authority Bob McDonough, these boats are crafted to be enjoyable for the beginner and advanced sportsman alike. Crescent Kayaks are perfect for a relaxing paddle in lakes and lazy rivers, or a more challenging adventure in ocean waves or white water. The incredible value in these boats is unsurpassed, offered in the Single Seat, Splash I, or the Double Seat, Splash II. For fishing enthusiasts, the Fisher Xtreme I and Fisher Xtreme II are offered in a variety of natural colors and can operate in as little as one foot of water, with multiple accessory options.

Crescent Kayaks feature the latest in sit on top kayak technology, featuring a full length keel for straight tracking to make it easier to stay on course for longer paddling also providing unmatched stability. Polyethylene rotational molded for strength and security, the width of the kayaks makes for the most stable boat on the market, allowing kayakers of all experience levels to enjoy.

Each model features full deck rigging, dry storage with 8" deck plate in the hull and a large storage area in the back equipped with bungee cords to secure a cooler, tent, sleeping bag or anything you may wish to carry on your unforgettable excursion.
