Call 1-800-327-8774

- Protect your investment with products perfect for playgrounds, parking lots and anywhere you need protection from the sun or hail.
- Our fabrics provide up to 80% water repellency.
- Your play structures will be cooler to the touch protecting children from dangerous burn potential.
- Our fabrics block up to 97% of UV rays, protecting children and adults from harmful skin damaging sunburns.
- Our superior Glide Elbow enables you to remove and reinstall canopies quickly in case severe weather is in the forecast.
- Both our high-gloss powder coated steel frames and outstanding UV block fabrics come in a wide variety of colors, which you can match as you choose.

WEBCOAT Innovated Products, Inc., has been manufacturing long lasting, corrosive resistant outdoor tables and benches for more than fifteen years. Combining this experience with using high strength steel fabrication and the newest technologies of thermoplastic coatings has continuously given WEBCOAT the edge over all competition.

WEBCOAT offers more than 1,000 products in different styles with an array of color choices. Our many styles and frame configurations of picnic tables and benches will allow you to obtain the distinctive look you desire for your outdoor eating and seating areas. When you furnish your areas with WEBCOAT, you are installing the most maintenance free furniture available.

### Warranty

Products are warranted to the original purchaser against defects in workmanship and material for the time period indicated on your Purchase Agreement. Warranties do not cover units that have been exposed to excessive wear and tear, vandalism or negligence. Our Customer Service Department is available to answer any questions you have regarding replacement parts and product information.
